

G RINDER MACHINE

EXTREMA VS

MAXI ORBIT 1500

LEVIGHETOR 600 BASIC

EXPANDER 530VS

KROMA 17"HD

Grinder is a powerful machine that can be readily adapted for different applications. This machine is generalized by changing its abrasive cutting material, it can be used for many different applications. These applications are concrete grinding, epoxy removal, trowel mark removal, rust removal, cement stain removal, adding texture to slippery surfaces and grinding high spots.

UFO 330VS

- allow to move the machine in any direction
- ergonomic handle permits standing up working position to avoid back pain and sore knees

- suitable for all narrow and small work spaces.
- stable and easy operation
- powerful motor
